Compact and productive colour multifunctionals

These feature rich A4 multifunctional devices are designed for cost conscious businesses that require productive high quality colour communication for small workgroups. A compact design means they fit perfectly into small office environments.

Productivity:

- Simple operation with a 8.9 cm colour touch and swipe user interface
- A range of flexible mobile printing and scanning capabilities, such as Apple AirPrint™, Mopria printing and Canon's optional uniFLOW solution, support mobile worker efficiency
- Up to 2,300 sheet paper capacity for busy workgroups and departments in any size organisation
- Enhanced productivity and paper saving with auto duplex functionality
- Easily scan and send documents directly to a variety of destinations including email and shared folder
- Easy maintenance design for less downtime
- Canon's V^2 colour (Vivid and Vibrant) imaging technology ensures documents impress and stand out from the rest

Security and cost control:

- Efficient, high quality colour printing thanks to separate toner and drum technology
- The functionality of many devices in one compact multifunctional device
- Documents remain secure with features such as secure print, pin release and optional PDF password protection
- Greater cost control and security with embedded support for Canon's optional uniFLOW software
- Canon's longer life drum technology reduces the need to replace consumables frequently
